PREAMBLE

"IT (information technology) stands for India tomorrow and BT (biotechnology) stands for Bharat tomorrow", was said by Mr Atal Behari Bajpai when he was the prime minister of India. The central theme for the overall economic development of Uttarakhand also depends on these technologies especially on Biotechnology. Having been ranked number three, after Korea and Japan, in the entire south-east Asia in terms of biotechnology industry, India is now poised to lead the bandwagon of this industry at global level. The main areas of biotechnology industry in India are bio-pharma, bio-services, bio-agriculture, bio-industry and bio-informatics. Innumerable jobs in these areas are awaiting the services of the youth having good knowledge of biotechnology. The discipline of biotechnology, thus, has a significant potential of alleviating the unemployment problem of our country to a great extent. However, the fact remains that very few students understand the importance of studying biotechnology at undergraduate or postgraduate levels as a good career option.

The aforementioned context has motivated the faculty of the Department of Biotechnology, Devsthali Vidyapeeth to provide a workshop forum where the students who are aspiring for higher education in the field of biotechnology, will get an opportunity to listen to the lectures delivered by biotechnology experts and discuss with them regarding its usefulness in shaping their careers. A poster presentation competition and a quiz competition among the participating students have also been arranged on this occasion.

Lectures by renowned biotechnologists followed by an interactive session and a poster presentation competition.

TOPICS FOR POSTER PRESENTATION COMPETITION

CATEGORY A

XI-XII Science Students

TOPICS

MEDICINAL PLANTS
MICROBIOLOGY
BIODIVERSITY
GENETICS
CELL & MOLECULAR PHYSIOLOGY

CATEGORY B

B.Sc. Students

TOPICS

RECOMBINANT DNA
GENE THERAPY
VACCINE & IMMUNITY
PLANT TISSUE CULTURE
GENOMICS & PROTEOMICS

- Winners of 1st & 11nd positions in each category will be awarded prizes and certificates.
- Participation certificates will be given to all participants.

For Information & Registration contact
